2025 ANNUAL REPORT

Under ss.68(1)(f) of the Community Safety and Policing Act, 2019 (CSPA), most of which came into force on April 1, 2024, the Board is required to provide an annual report to Municipal and First Nations Councils regarding the policing provided in our communities by the Russell County OPP Detachment.

This report is divided into three sections:

1. **Russell County OPP Detachment Board Report** (Pages 1-11): The 2025 Annual Report outlines the governance, oversight, and key activities of the Russell County OPP Detachment Board, for the year 2025. Key highlights include the full establishment of the Board with municipal, community, and provincial appointees, progress on governance policies and training, and strengthened oversight through regular crime and policing reports. The Board supported community safety initiatives, victim services partnerships, and local fundraising efforts. The report also presents the 2025 operating budget, confirms municipal cost-sharing, and identifies future priorities focused on improved governance, performance evaluation, transparency, and continued collaboration to support safe communities across Russell County.
2. **Russell County OPP Detachment 2023-2025 Action Plan** (Annex A): This plan outlines policing priorities for 2023–2025, aligned with the OPP Strategic Plan [Ontario Provincial Police - OPP 2023-2025 Strategic Plan](#) and focused on crime reduction, road/waterway/trail safety, and community well-being. Key priorities include preventing violent and property crime, addressing illicit drugs and cybercrime, and improving traffic safety by targeting the “Big Four” collision factors (impaired, aggressive, inattentive driving, and lack of restraints). The plan emphasizes community partnerships, enhanced mental health co-response, strong support for Auxiliary members, and a continued commitment to member

wellness, training, and professionalism to support safe, resilient communities across Russell County.

3. **Russell County OPP Detachment 2025 Annual Report** (Annex B): The 2025 Russell County OPP Detachment Annual Report outlines policing activities, priorities, and outcomes for the final year of the 2023–2025 Action Plan. Overall, property crime showed a downward trend, while violent crime remained relatively stable. Traffic safety initiatives targeting impaired, aggressive, and inattentive driving contributed to reductions in collisions, injuries, and fatalities. The detachment handled nearly 20,000 calls for service and continued to prioritize victim support, mental health response, and community engagement. Ongoing collaboration with partners and investment in officer training and technology supported effective service delivery and community safety.

LETTER FROM THE CHAIR

This year has been one of important progress and continued maturation for the Russell County OPP Detachment Board.

Serving the municipalities of Russell, Clarence-Rockland, The Nation, and Casselman, our Board remains committed to strengthening the relationship between the Ontario Provincial Police, municipal partners, community organizations, and the residents we serve.

Our role is to support transparent, accountable, and community-focused policing governance while respecting the operational independence of the OPP.

Over the past year, the Board has taken meaningful steps to build stronger governance foundations. We have advanced a clearer annual governance workplan, improved meeting preparation and follow-up processes, strengthened communication practices, and established a more structured approach to continuity, records, and Board administration. These steps may not always be visible to the public, but they are essential to effective oversight, good decision-making, and public confidence.

A major focus this year has been the development of a formal Detachment Commander evaluation process. This framework gives the Board and the Detachment Commander a shared understanding of expectations, timelines, evidence requirements, and reporting needs. It keeps the Board focused on governance-level responsibilities such as Local Action Plan implementation, quality of reporting, community engagement, strategic response to local safety trends, and detachment-level outcomes — while remaining clearly outside operational policing decisions.

The Board also reviewed the 2026–2029 OPP Local Action Plan, which will guide our shared priorities in the years ahead. This plan reinforces the importance of proactive community presence, road safety, visibility in our schools, support for vulnerable residents, and collaboration with local partners. These priorities reflect the realities of our communities and the importance of ensuring that policing remains responsive to local needs.

I want to thank my fellow Board members for their professionalism, experience, and commitment to building a strong governance culture. I also wish to acknowledge the support of municipal staff, our municipal councils, community partners, and the OPP leadership team for their continued collaboration. Strong public safety governance depends on trust, preparation, respectful dialogue, and a shared commitment to the communities we serve.

Looking ahead, the Board will continue to focus on evidence-based oversight, clear reporting, community engagement, and continuity through future Board transitions. Our goal is to ensure that the residents of Russell County continue to benefit from policing services that are accountable, transparent, and aligned with local priorities.

This Annual Report reflects a year of practical progress. It shows a Board that is moving from establishment into maturity — with stronger processes, clearer expectations, and a continued commitment to safe, thriving communities across Russell County.

Sincerely,

Mike Tarnowski
Chair, Russell County OPP Detachment Board

Message from the Detachment Commander

“The Ontario Provincial Police (OPP) continues to have a clear path forward with the implementation of the 2023-2025 Strategic Plan. As an extension of, and building upon, the 2020-2022 Strategic Plan, we remain focused on and committed to our three strategic priorities, specifically our people, our work, and our communities. The plan will continue to guide our organization’s priorities, strategies, initiatives and the requirements expected with the enactment of the regulations associated to the new Community Safety and Policing Act (CSPA),” OPP Commissioner Thomas Carrique.

On behalf of the Russell County Detachment, I am pleased to present the 2023-2025 Detachment Action Plan available at opp.ca. This plan will help direct and focus our efforts to respond to the needs of our communities.

The communities in our detachment area have seen significant growth over the past few years that will continue. By remaining flexible, we can work with our communities, partners and stakeholders to collaboratively address new challenges as they arise.

The Action Plan will guide us on how policing services will be delivered with a focus on reducing crime and traffic-related fatalities and injuries on our roadways, waterways and trails to improve the overall well-being of our communities.

Russell County Detachment is committed to the reduction of harm and victimization, specifically violent crime, property crime, illicit drugs and cybercrime. As we strive for investigative excellence, we continue our work with multi-sector partners to provide service delivery consistent with our victim-centred approach. We are committed to preventing and addressing cyber crimes, illicit drugs and property crimes such as vehicle thefts which continue to be an area of concern in our communities.

Our detachment remains committed to a traffic safety approach that will change driver behaviour responsible for injuries and deaths on roadways, waterways and trails. We will continue to educate the public and enforce traffic laws to keep our residents and visitors safe.

Together, we will build on our resilience, relationships and trust to ensure continued success in our communities. The Russell County Detachment will support leadership and training opportunities as well as wellness initiatives to assist our members in achieving their personal and professional best.

We will continue to build partnerships with community services to improve our response to calls involving individuals experiencing a mental health crisis. We will further develop co-response models focused on prevention, risk mitigation and harm reduction strategies aimed at improving our communities’ well-being.

The dedication of our members, together with the continued support of our municipalities, will ensure our success in the OPP’s vision of Safe Communities... A Secure Ontario.

Inspector Josee Sabourin
Detachment Commander
Russell County Detachment

Our Detachment

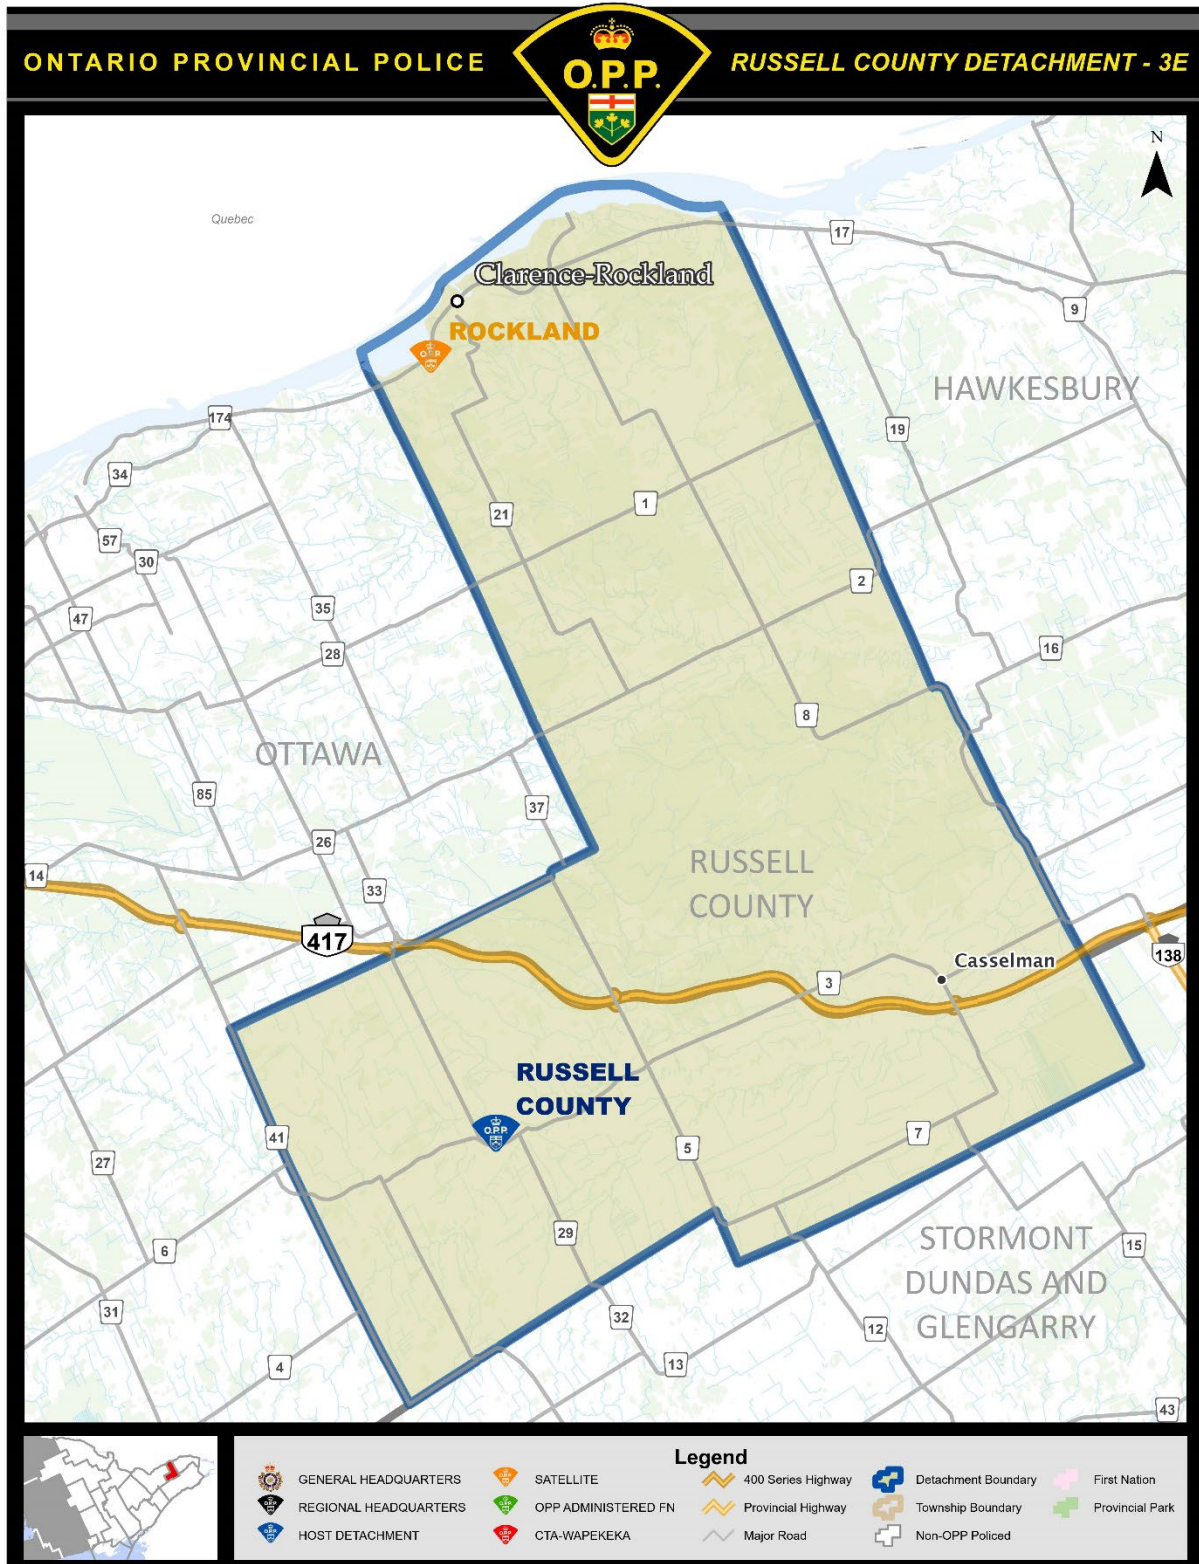

Russell County is home to four municipalities, Russell Township, The Nation Municipality, Village of Casselman and the City of Clarence-Rockland. The population of the County is approximately 75,000 and growing rapidly. According to Census information, 60 percent of the residents in Russell County are francophone with the majority being bilingual. Bordering the Ottawa River and nestled just east of the National Capital Region, Russell County's detachment area accommodates a number of travelers on two major highways, 174 (old 17) and 417.

The largest theme waterpark in Canada, Calypso Park, is located in The Nation Township. The waterpark brings thousands of visitors to our patrol area annually. We continue to work closely with park management and elected officials to address traffic, crime and safety issues to ensure those attending Russell County have a safe and enjoyable trip.

The Larose Forest, at 18,000 acres, is one of the largest man-made forests in Canada. It boasts 180 kilometres of roads and trails ideal for hiking, horse-back riding, biking, hunting or snowmobiling plus other recreational outdoor activities.

The Canadian International Hockey Academy (CIHA) located in the City of Clarence-Rockland is an internationally recognized organization which is home to over 60 international students. During daytime hours, the ice surface is dedicated to the students; however, during evenings and weekends the two ice surfaces are rented to minor hockey and other hockey associations in the area. Weekend tournaments bring an increase in local traffic and we work closely with CIHA to ensure all concerns are addressed.

Every time an accidental or hang-up 9-1-1 call is received, OPP officers are dispatched.

You may be taking police officers away from a real emergency.

Message from the Detachment Commander

I am pleased to present the Russell County Detachment – 2025 Detachment Board Annual Report. This report provides an overview of crime and traffic trends, community well-being data, and highlights key initiatives and accomplishments achieved by our members throughout the past year.

The year 2025 marked the final year of the 2023–2025 Russell County Detachment Action Plan, and this report reflects both our progress toward those objectives and the outcomes achieved in collaboration with our policing and community partners.

I am proud of the professionalism, dedication, and commitment demonstrated by the women and men of the Russell County Detachment in service to our communities.

Operational Overview

Throughout 2025, the detachment responded to a wide range of calls for service reflecting the diverse needs of our urban and rural communities. We experienced increases in demand in certain areas of crime and public safety, and our response remained focused on timely investigations, proactive enforcement, and victim-centred policing.

Traffic safety continued to be a priority for the detachment. Members focused enforcement efforts on high-risk driving behaviours, including speed, impaired driving, and aggressive driving. These targeted initiatives were supported by patrol visibility and data-informed deployment, contributing to safer roadways across Russell County.

The detachment also responded to significant and complex incidents during the year, requiring coordinated responses, investigative rigor, and strong partnerships with emergency services and municipal stakeholders. These events highlighted the professionalism of our members and the importance of preparedness and collaboration.

Community Engagement and Partnerships

Guided by community feedback, we increased patrols and engagement in areas where residents expressed public safety concerns. Through visible policing and direct interaction, members worked to address local issues while strengthening trust and confidence in policing services.

We continued to leverage technology, including body-worn cameras, in-car video systems, and automated licence plate recognition (ALPR), to support evidence collection, enhance transparency, and improve public and officer safety.

Collaboration remained a cornerstone of our work. The Russell County Detachment worked closely with our policing partners, including municipal and regional services, to support cross-jurisdictional initiatives and ensure seamless service delivery.

We also strengthened partnerships with community-based organizations to support vulnerable persons. Through collaboration with health and social service partners, we enhanced our response to mental health-related calls and worked to connect victims of crime with local resources and supports.

Members remained actively engaged within the community, attending local events, participating in community safety initiatives, and engaging with schools, service clubs, and community groups. These interactions are essential to building relationships, fostering understanding, and supporting community well-being.

Supporting Our Members

Supporting the growth and well-being of our members remained a priority. Throughout 2025, detachment members participated in training, professional development, and wellness initiatives designed to enhance operational effectiveness, resilience, and leadership capacity.

Looking Ahead

In 2026, the Russell County Detachment will release its 2026–2029 Russell County Detachment Action Plan. This will be the first detachment action plan developed under the *Community Safety and Policing Act (CSPA)*. The development of this plan is being undertaken in close collaboration with the Russell County Detachment Board and through engagement with community members to ensure the priorities, concerns, and needs of our communities are reflected in the commitments we make for the next four years.

The development of the 2026–2029 Russell County Detachment Action Plan will coincide with the creation of the 2026–2029 OPP Strategic Plan, ensuring alignment between local priorities and organizational objectives.

As we look ahead to emerging challenges and new opportunities in policing and community safety, the members of the Russell County Detachment remain committed to our mission to serve our communities, protect our citizens, uphold the law, and preserve public safety.

On behalf of the Russell County Detachment, I would like to thank the Russell County Detachment Board, our policing and community partners, and the residents of Russell County for their continued trust and support.

Respectfully,

Josée Sabourin,
Inspector, Detachment Commander
Russell County Detachment
Ontario Provincial Police

Policing Hours

The OPP has developed a Service Delivery Model (SDM) in response to several reviews and audit recommendations. The SDM is designed to:

- Promote officer wellness through balanced workloads
- Determine adequate staffing levels at each detachment
- Ensure the continued delivery of adequate and effective policing services in accordance with the *Community Safety and Policing Act (CSPA)*

To support SDM implementation, the OPP is undertaking a multi-year staffing strategy to address required increases in detachment personnel. This model supports the OPP’s ability to:

- Respond effectively to increasing calls for service
- Maintain safe communities through proactive patrols and community engagement
- Meet municipal expectations for police visibility

To monitor progress and guide detachment-level planning, the OPP has established time allocation targets for provincial constables (Figure 1). These targets reflect how time should ideally be distributed by the end of the SDM staffing strategy.

The targets are based on a provincial average, and variations are expected between detachments due to differences in geography, operational structure, recruitment and leave of absence rates.

Detachments may face challenges in achieving these targets, but progress is expected as scheduling, data quality and strategic deployment continue to improve.

9-1-1 is for emergencies only: If there is an immediate risk to someone's life or property.

- ✓ a crime in progress
- ✓ a fire
- ✓ a life-threatening medical emergency

Dialed 9-1-1 accidentally? #Be911Ready. Don't hang up, stay on the line and speak with an OPP Communicator to confirm there's no emergency.

The misuse of 911 ties up emergency lines, communicators and officers, which can result in a slower response to a real emergency and risks the safety of people who may need urgent help.

It is against the law to call 9-1-1 as a joke. Prank 9-1-1 calls can be dangerous and waste valuable emergency resources.
